This matter comes before the Public Service Commission of South Carolina (the Commission) by way of a Petition to Reinstate Application and Reopen Docket (Petition) from Gold Line Telemanagement, Inc. (Gold Line or the Company). On October 17, 2003, Gold Line filed its Petition with the Commission, pursuant to 26 S. C. Code Ann. Regs. 103-836.

Gold Line is a corporation organized under the laws of Ontario, Canada and is authorized to transact business in the State of South Carolina. The Company operates as a reseller of interexchange telecommunications services in Canada and certain states of the United States.

On January 8, 2002, Gold Line filed its Application and request for authority to operate as a reseller of interexchange telecommunications services within the State of South Carolina and to be regulated in accordance with the procedures established for alternative regulation. On July 25, 2002, at the request of Gold Line, the Commission

issued Order No. 2002-542, wherein the Company's request to withdraw its Application was granted.

At present, Gold Line seeks to reinstate its Application for a Certificate of Public Convenience and Necessity to operate as a reseller of interexchange telecommunications services within the State of South Carolina and to be regulated in accordance with the procedures established for alternative regulation. Gold Line requests that the Commission refer to its Application on record with the Commission filed on January 8, 2002, which with the exception of the financial statement filed with the Petition, is in all respects factual and accurate.

We find Gold Line's Petition reasonable, and hereby grant the Company's request to reinstate its Application and reopen Docket No. 2002-12-C.

IT IS SO ORDERED.
